

## **HEALTH, SAFETY, SECURITY & ENVIRONMENTAL PROTECTION POLICY**

SKOSV Sdn. Bhd. established its objectives to ensure the safety and security of all vessels at sea, prevention of human injury or loss of life and avoidance of damage to the environment, in particular, to the marine environment and to property. SKOSV Sdn. Bhd. aspires to achieve;

### **“ZERO SPILL” and “ZERO ACCIDENT”**

To achieve all the above objectives, the Company will:

- Provide for safe and healthy practices in vessel operation and safe and healthy working environment;
- Assess all identified risks to vessels, personnel and the environment arising from vessel operations and establish appropriate safeguards against all identified risks;
- Continuously improve occupational health, safety and environment management skills of personnel ashore and aboard vessels, including preparing for emergencies related to health, safety and environmental protection; and
- Encourage all staff to be vigilant at all times so as to deter any breach of security.

The Company Safety Management System (SMS) shall,

- Be in compliance with all applicable mandatory rules and regulation;
- Ensure that all applicable codes, guidelines and standards recommended by the Organization, Administrations, Classification Societies and other maritime industry organizations are taken into account; and
- The policy, regulation, and procedures under the SMS are fully documented, implemented and verified according to the system.
